

Hello everyone,

Thank you for joining us today. We're excited to present our project The ClassyCut Men's Hair Salon Management System designed to transform how salons operate and enhance client satisfaction.

Our presentation will walk you through the main features of our system, including a live demo of the website. We'll cover the key modules available on the site, the functionalities of both the admin and user panels, and show you how everything comes together to create a seamless salon management experience.

Overview

Our system is designed to streamline salon operations and improve the client experience. It integrates essential functions into a single, user-friendly platform. Let's dive into the core modules and features.

Website Modules

1. Home Page

Direct Access Buttons:

Appointments: Schedule or manage appointments with just a few clicks.

View Services: Explore a detailed list of all available services. Clients can see all service, pricing.

Page: Access the eShop to browse and purchase grooming s and salon merchandise directly from the website.

Opening Hours:

Salon Hours: Easily visible on the Home Page, clients can quickly find out when the salon is open. This information helps clients plan their visits and manage their appointments effectively.

Simple Navigation: The layout ensures that visitors can easily find and access the most important sections of the site.

Responsive Design: The Home Page is optimized for both desktop and mobile

devices, providing a smooth and user-friendly experience on any screen.

2. Membership Plans:

Royal Plan (Yearly & Monthly): Enjoy top-tier benefits like priority booking, significant discounts, and complimentary treatments.

Classic Plan (Yearly & Monthly): Get regular discounts, priority access, and exclusive promotions.

Standard Plan (Yearly & Monthly): Benefit from essential discounts and occasional member-only offers.

3. eShop Page

The eShop allows clients to purchase grooming s and salon merchandise directly from the website. With a detailed catalog, secure payment options. so clients can shop conveniently from anywhere.

4. Services Page

The Services page provides a comprehensive list of all the services offered by the salon, including haircuts and styling , Beard Services , Skin Treatment Services , Spa Services. Each service comes with descriptions and pricing information, making it easy for clients to choose what they want.

5. Appointments Page

Our Appointments page allows clients to book, reschedule, or cancel appointments online. They can choose their preferred date, time and receive Confirmation.

User Panel

Next, let's explore the User Panel, designed to make managing your salon experience easy and convenient.
